

Ingersoll Rand Forklift Parts

Ingersoll Rand provides solutions, services and products so as to ensure efficiency and increase the productivity in residential, industrial and commercial environments. They pride themselves in delivering products to be able to enhance the safety, comfort, security and health of people all over the globe all through their four worldwide segments.

The Climate Solutions division delivers a world-class product line of energy efficient HVACR solutions for clients. Thermo King is the leader in transport temperature control, while Hussmann is a maker of refrigeration and food merchandising solutions. Trane is a trusted provider of energy efficient air conditioning and heating ventilation systems, contracting and building parts support, advanced controls and services used for both commercial buildings and residential homes.

Ingersoll Rand's Industrial Technologies division offers products and solutions which enhance their customers' energy efficiency, productivity and operations. The product range is diverse ranging from pumps and tools, fluid and material handling systems to complete compressed air systems. They have also developed Club Car, the worldwide leader in utility and golf vehicles meant for businesses and people.

Trade names like for instance Trane and Schlage provide residential solutions which offer comfort, safety and efficiency to home owners around North America. Their innovative products comprise mechanical and electronic locks, indoor air quality solutions, air conditioning and heating systems, advanced controls, remote home management and portable security systems.

The sector comprising Security Technologies offers products that ensure productive, secure and safe environments. This division's market leading products comprise door and floor closers, portable security devices, exit devices, electronic and biometric access control systems, cabinet hardware, steel doors and frames and locks, locksets and decorative hardware. Schlage also has products that offer personal, time and attendance scheduling systems.
