

## **Lull Telehandler Parts**

Lull telehandlers have been providing precision load placement since the year 1959. Whether the job involves positioning heavy steel, landing loads on scaffolding or transferring loads, using a Lull telehandler would help make the work go faster and easier. These units are available along with the patented Stabil-Trak stability system in order to ensure operator confidence.

The Lull horizontal load placement system supplies eighty inches of boom travel for precision placement capabilities. A wide range of optional accessories is obtainable for Lull telehandlers in order to help complete any job.
